## HON. FRANK CLARK CALLS HAND METROPOLIS EDITOR

Was Not "Rebuke" by Colleagues, and Gives Facts  
Relative to Secretary of Committee.

Washington, D. C., Aug. 5, 1909.

Editor The Metropolis, Miami, Fla.  
Sir: That you are opposed to my re-election to Congress is your own affair, but you have no right to misrepresent me.

You have grossly misrepresented me, and I am going to see if you have the manliness to correct it after being advised as to your misstatement of facts.

In a late issue of your paper you publish a statement which purports to have emanated from this city to the effect that I had been "rebuked" by my colleagues for my course in Congress on the tariff question and that they had defeated me for re-election as secretary of the National Democratic Congressional Committee, and upon this false statement of facts you proceed to inform your readers that I have been and am discredited among my party associations here, etc.

There is not one word of truth in the alleged telegraphic statement, and consequently not one word of truth in your deductions.

Let me give you the facts: Each delegation in Congress elects its own member of the Congressional Committee and such member holds for two years. Two years ago Mr. Sparkman and Mr. Lamar elected me as the Florida member of that committee. When the committee met two years ago to organize, I was unanimously chosen over my protest as secretary. I accepted the position as a duty placed upon me by my associates and served in that capacity, and in the campaign last year not only spent many months of hard work but more than a thousand dollars in hard cash out of my own pocket for the benefit of the Democratic cause.

When my term expired a few weeks ago and it became necessary for our delegation to again elect a member of this committee, both Colonel Sparkman and Mr. Mays expressed the de-

sire for me to retain the place. I declined it and suggested that we elect Mr. Mays as the Florida member of the new committee. Colonel Sparkman agreed to this and Mr. Mays was elected.

Not being a member of the committee I was in no sense a candidate for secretary of it, and therefore could not have been "rebuked" in this connection by anybody.

You cannot find a single Democrat in Congress, either on or off the committee, who will say that he considers that any "rebuke" has been administered to me in this matter.

If you have any doubts as to the facts herein stated, address a communication to Hon. James T. Lloyd, chairman of the committee, Hon. S. M. Sparkman, Hon. D. H. Mays, or any other Democrat in Congress, and get them to enlighten you on the subject.

If you cannot make good your statements with reference to this alleged "rebuke," do you not think that in justice to me and in proof of your own desire to speak the truth, you ought to apologize to your readers for misleading them?

You have a perfect right to oppose my re-election to Congress, and all I ask is that you fight fairly and in the open.

So far as I am concerned, I am a candidate for renomination and re-election to Congress, and I serve notice on you now that I shall give you and yours all that you are looking for when the proper time arrives.

In my candidacy for re-election, I shall stand squarely on the record I have made, and have no apologies to make for anything contained in that record.

I can show that my entire record is in the interest of the people of my district, and I challenge you and all my opponents to show to the contrary. Yours most truly,

FRANK CLARK.

## First Bale Sea Island Has Reached Savannah

SAVANNAH, Ga., Aug. 14.—The market was quiet and firm with light business in Sea Islands at about previous quotations.

Crop accounts remain about the same. There have been rather more complaints arising from the continuous rains, but it is generally thought that it will require a spell of dry weather to develop actual damage resulting.

The first bale of the new Florida crop was received at Savannah from Suwannee county on Aug. 7, classed fancy, and sold at auction for 24c. The first bale of the Georgia crop was received on Aug. 12 from Clinch county, also classed fancy and sold for 23 3/4c. Quality of both bales unusual-

ly good for first bales.

Sales for the week 244 bales.

The following prices were based on factors' quotations and are revised weekly on Fridays:

Fancy Floridas	22	@ 22 1/2
Fancy Georgias	22	@ 22 1/2
Extra choice Floridas	20	@ 21
Extra choice Georgias	20	@ 21
Choice Ga's. and Fla's	18	@ 19
Ex. fine Ga's. and Fla's	15	@ 16
Fine Ga's. and Fla's	13	@ 14

CHARLESTON, S. C., Aug. 14.—Sea Island: Receipts none; exports, 28 bags; sales none; stock, 3,446; quotations omitted.

## Floating on Inflated Wings Young Girl Is Drowned

ATLANTA, Aug. 14.—Caroline Middleton, 16-year-old daughter of James S. Middleton, an Atlanta insurance man, was accidentally drowned at East Lake yesterday morning, while bathing with a party of friends.

She was floating with a pair of inflated wings, which she lost and she sank immediately. No one in the party was able to go to her rescue. She was one of six daughters. Her father is the Atlanta representative of the Aetna Fire Insurance Company.

## THAW MUST RETURN TO INSANE ASYLUM

JUSTICE MILLS RENDERS DECISION THURSDAY MORNING.

Thaw Took Fate Calmly But Prisoner's Mother Greatly Distressed Over the Decision.

WHITE PLAINS, N. Y., Aug. 12.—Justice Mills today handed down a decision, declaring that Harry Kendall Thaw is insane.

He dismissed the writ of habeas corpus under which Thaw endeavored to secure release from the Matteawan Asylum for the Criminally Insane and remands him to the custody of the State authorities at that institution.

Thaw received the news of the failure of his second attempt to obtain a discharge from Matteawan with a slight display of emotion. His manner indicated that he expected an adverse decision.

The information was brought to him first in his cell in the local jail. Thaw read the court's opinion without comment until he came to the following sentence: "If those beliefs constituted delusions in his mind when he committed homicide they are the same now."

"That's not so," he said, and marked the lines with a pencil.

Thaw's Mother Distressed.

WHITE PLAINS, N. Y., Aug. 12.—Mrs. Thaw, the mother of Harry Thaw, was greatly distressed when she learned of Justice Mills' decision this morning declaring her son insane.

"I will never give up the fight for his release," is the comment she made when asked what she intended to do.

## EVELYN NESBIT THAW DENIES MAKING DEMAND

NEW YORK, Aug. 14.—Mrs. Evelyn Nesbit Thaw was angry when an evening newspaper published an alleged interview with her which young Mrs. Thaw says never took place. The interview told in detail her coming to the door of her studio apartments in West Thirty-third street swathed in a wrapper and telling things at length. As a result of Mrs. Thaw's indignation she invited the reporters to her apartments last night and when all had assembled she gave forth a statement.

There are oil portraits of Mrs. Thaw by Mann and Carroll Beckwith adorning the walls of her little flat, and a baby grand piano and bits of furniture of artistic excellence. Also there are more, much more than the required five feet of books, a kitchenette and other things.

"I learn from the papers," Mrs. Thaw began when all had assembled around the mission table in the center of the room, "that Mr. Morchauser says I have made a demand on the Thaw family for a settlement of \$500,000. The statement is absolutely untrue. I never asked Mr. Thaw or any member of the Thaw family for anything except to support me, which is my right."

Death of Miss Rody.

From Sunday's Daily Sun:

Telegraphic information was received here Saturday of the death of Miss Rody, who formerly lived in St. Augustine but who has been visiting in Richmond for some time past. The funeral services will be held in Richmond on Monday, when the Daughters of the Confederacy will take a leading part in the ceremonies, she being one of the prominent members of the Florida Division. The interment will be in Hollywood Cemetery.

## PRESIDENT TAFT NAMES SUPERVISORS FOR FLORIDA

At Conference With Secretary Men Appointed to  
Census---One Democrat From Florida.

BEVERLY, Mass., Aug. 14.—After an extended conference last night with Secretary Nagel of the Department of Commerce and Labor, Postmaster-General Hitchcock and L. Dana Du-

and, Director of the Census Department, President Taft approved the appointment of 330 supervisors of the thirteenth census. The list had been prepared at Washington for the President and the qualifications of every man in it were known.

There has been marked discontent among some Southern Republicans over the decision of the President to divide the census supervisors in the States of the Solid South.

Col. Cecil Lyon, Republican National Committeeman, who came here yesterday, told the President that he would rather have the State put in charge of one supervisor—a good Republican—than to have to divide the Congressional districts with the Democrats. Col. Lyon said the declaration of this policy on his part held good for all of the States. Oklahoma, he declared, had been included with Tennessee, Kentucky, North Carolina and Missouri in the list of nearly doubtful States that had been set apart from the other Southern States for a full list of Republican supervisors.

"If Oklahoma is a Northern State," declared Col. Lyon, "I am in favor of moving Mason's and Dixon's line still further South to let Texas in."

Must Not Be Partisans.

Each census supervisor will have a tremendous field force of enumerators under him. The supervisors will receive a salary of \$2,000 and their work will extend over eight or ten months. The States where the supervisors are divided equally between

the Democrats and Republicans are Virginia, South Carolina, Florida, Alabama, Mississippi, Louisiana and Texas. In each Congressional district, it is said, the rules, especially in States where a division has been made by Democrats and Republicans, the supervisors shall not be active partisans and that no attempt shall be made to build up political machines out of the census patronage.

The time of the President's arrival at Baton Rouge, La., has been fixed to arrive there at 8 p. m., Oct. 29, and make an address from the deck of the steamboat on which will voyage down the Mississippi to stop at Baton Rouge will need the curtailment of the time at Natchez.

Signed Commissions.

President Taft signed the commissions of some sixty odd supervisors in different sections of the country the names of these appointees made public by Mr. Durand at the conclusion of the conference.

The list included:  
Florida: First district, Henry Bishop, (Republican); Second district, L. Lesuer Gaudin (Republican); Third district, Thomas David V. (Democrat).

Alabama: First district, Law W. Locklin (Democrat); Fourth district, George W. Parsons (Democrat); Fifth district, William P. Cobb (Democrat); Sixth district, Simeon Wright (Republican); Seventh district, James J. Curtis (Republican); Eighth district, Thomas P. Wood (Republican); Ninth district, John T. Enry (Republican.)

## PEOPLE PAY \$500,000 FOR THE TARIFF BILL.

WASHINGTON, Aug. 14.—The extraordinary session of Congress, which completed one week ago its revision of the tariff law, cost the American people, it has been estimated by some of the statisticians around the capital, \$500,000.

Many different items enter into this grand total, the chief of which is mileage. The House's expense on this

account aggregates \$154,000 and of the Senate \$47,000. Extra pay allowed to employes on both sides the capitol amounted, it is estimated, to about \$150,000. Special employes engaged in compiling information Congress and the committee, relative to the tariff, were paid good salaries.

The Government printing office not yet supplied a statement concerning the cost of printing the tariff reports and hearings, but it is known that this will be large.

## Engineer Bush Died, Leaving Estate Worth \$100,000

ATLANTA, Ga., Aug. 14.—Passengers who were on the Southern train, wrecked near Bristol, Va., Thursday evening, arrived here last night, bringing details of the bravery of Engineer Samuel Bush of Knoxville, who died yesterday as a result of his injuries. Bush was slowly and painfully working his way out of the wreck of his engine, scalded and frightfully bruised, when the few passengers who retained their senses dug into the mass of twisted and burning iron to meet him. He was lifted out upon the ground and a hurried call for physicians resulted in the discovery that there was not a doctor on the train. As the passengers began a hunt for whiskey to stimulate him and were breaking open suit cases in their search, Bush asked for a last look at his old engine, as hopeless a wreck as was its engineer. When they came to him with the liquor, he begged them to look after the comfort of the passengers

Told that no passengers had been injured he said:

"That's good. But before I take this whiskey, I want you men to smile my breath and testify, if need be, that I had not been drinking when this happened."

Although suffering horrible agonies the brave engineer would not touch the stimulant until four of the men had smelled his breath and promised to bear witness to his sobriety.

"All an engineer has is his record," he said, feebly, "and he cannot afford to have anything against that."

And Engineer Bush went out upon his last run with his record spotless.

Engineer Bush was a native of Bedford county, Virginia, being a member of an old and widely-known family in that section of the State. He had been in the service of the Southern Railway for more than thirty years. He leaves an estate valued at \$100,000.

## DR. MURPHREE PLEASSED WITH PRESENT OUTLOOK

ACCOMMODATIONS INSUFFICIENT  
FOR THE ATTENDANCE.

University of Florida Will Have  
Largest Enrollment Ever Known  
in School's History.

The barracks of the University of Florida will be packed the coming term and from present indications will exceed any enrollment ever before in the history of the institution.

Dr. Murphree, the accommodating and obliging president, is deluged with letters asking for information and catalogues concerning Florida's great institution of learning, and is pleased with the high success thus far assured the opening under his administration.

Already there have been enough reservations made for rooms to take up the available ones in the barracks, and with the many more that are sure to come in during the latter part of this month and first of next, he will be compelled to seek outside quarters to accommodate them.

Many changes are now being made in the buildings, carpenters, plasterers, painters and plumbers all being busy making the changes as ordered by the Board of Control, and which, when finished, will put the buildings in first-class shape and give them more room than they have afforded heretofore.

Besides the improvements that are being made in the buildings, the grounds are also receiving some attention, and the place will present a cheerful, home-like appearance for the reception of the students upon their arrival the coming term.

The pleasant manner of the president will not fail to win favor among the boys and when they are turned loose after the first term with him, they will be the means of bringing many more here for another term.

Dr. Murphree is now preparing an announcement which he will give to the public within the next few days relative to the school and it will be highly interesting, as he will give the actual reservations and prospects up to the present time for the University this term.

### Cured Hay Fever and Summer Cold.

A. S. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed only to aggravate it. Fortunately I insisted upon having Foley's Honey and Tar. It quickly cured me. My wife has since used Foley's Honey and Tar with the same success." J. W. McCollum & Co.

## HAPPY WOMEN

Plenty of Them in Gainesville, and  
Good Reason for It.

Wouldn't any woman be happy, after years of backache suffering, days of misery, nights of unrest, the distress of urinary troubles, she finds relief and cure? No reason why any Gainesville reader

Should suffer in the face of evidence like this:

Mrs. John Smith, 307 E. Magnolia street, Gainesville, Fla., says: "I suffered from a weak back and severe pains in my sides for a long time. I could not stoop without experiencing sharp twinges through my body and if I did so it was difficult to regain an erect position. I was also subject to headaches and at times was very nervous. When I saw Doan's Kidney Pills so highly recommended for these troubles, I procured a box and began their use. In a short time I felt much better. The pains lost their severeness and I gained in strength. I consider Doan's Kidney Pills an excellent remedy and am pleased to recommend them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

### THE DEATH OF H. C. ATWATER.

In the death of H. C. Atwater we have lost one of our most prominent citizens. Coming from New Haven, Conn., when a young man, he located near Waldo, and married Miss Amy Corey and reared a family of several children and died at the age of sixty-two, on Aug. 4, 1909.

For twelve years past he has been postmaster and his affable, courteous manner always made his service agreeable to the public. His business in the office was always conducted in strict accord to the rules and regulations thereof, and consequently every inspection found everything correct. It was his one concern to keep the postoffice and nothing divided his attention. Mrs. Atwater was his efficient assistant and thus has the recommendation for appointment as her husband's successor.

Mr. Atwater was of a large family of whom there remain only a brother, Wm. A. Atwater of Lincoln, Neb., and Mrs. Edwin C. Kingsbury of Chicago, Ill., and their mother, Mrs. Susan L. Atwater, living with the daughter, and who is of great age and infirmity.

The funeral took place from the house, the body being taken to the Episcopal church, of which Mr. Atwater had long been a member, and the services were conducted by Rev. Mr. Curry of Starke, and were largely attended. The interment was made in the city cemetery, many floral tributes being offered.

The wife, four daughters and two sons are left to mourn the loss of a devoted husband and father. The writer feels a personal loss of a friend of many years, and near-neighbor who will be sadly missed. Great sympathy is felt throughout the community for the bereaved.

D. L. B.

Waldo, Fla., Aug. 11, 1909.

### Take Notice.

All persons are recommended to take Foley's Kidney Remedy for backache, rheumatism, and kidney and bladder trouble. It will quickly correct urinary irregularities, which, if neglected, may develop into a serious illness. It will restore health and strength. Do not neglect signs of kidney or bladder trouble and risk Bright's disease or diabetes. J. W. McCollum & Co.

### Marriage Yesterday.

From Friday's Daily Sun:

Dr. A. A. Murphree, assisted by B. R. Colson, performed a marriage ceremony late yesterday evening, uniting Mr. E. F. Fender and Miss Meneta May Poppell. Both are popular school teachers and the news of their marriage will come as a great surprise to their many friends.

Be sure and take a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy with you when starting on your trip this summer. It cannot be obtained on board the trains or steamers. Changes of water and climate often cause sudden attacks of diarrhoea, and it is best to be prepared. Sold by all druggists.

## DR. KELLEY SECURES DAMAGING EVIDENCE

OTHER NEGRO LEADERS ARE  
IMPLICATED IN THE FRAUD.

All Evidence Turned Over to State  
Superintendent Holloway, Who  
Left Friday.

From Saturday's Daily Sun.

County Superintendent Dr. J. L. Kelley has secured additional evidence in the examination frauds, which he at once turned over to State Superintendent Holloway, and the two gentlemen are now "hot behind" a number of the negro educators of the State for their unfair practice.

Dr. Kelley stated that the evidence now in their possession would incriminate a number of leaders of the negro race, as well as the school teachers, and judging from what Superintendent Holloway had to say about the matter it will mean not only the suspension, but probably criminal action in the courts.

Superintendent Holloway left Gainesville Friday morning for Jacksonville and will go from that city to his home at Tallahassee, where he will further consider his plans before action.

Besides the evidence they now have, they are still at work and hope to secure a great deal more within a short time.

The Doctor further stated that the evidence secured showed that the papers were obtained elsewhere and brought to Gainesville, as it has been learned positively that the papers concerning the examination came from other portions of the State. That they will break up the practice now for all time to come is their belief, for they have worked in a most diligent manner and have been rewarded with the evidence to go after the right parties.

### Disagreeable at Home.

Lots of men and women who are agreeable with others, get "cranky" at home. It's not disposition—it's the liver. If you find in yourself that you feel cross around the house, little things worry you, just buy a bottle of Ballard's Herbine and put your liver in shape. You and everybody around you will feel better for it. Price 50 cents per bottle. Sold by W. M. Johnson.

### Ordained to Ministry.

Dr. Burnett H. Waugh, the younger son of Dr. C. V. Waugh, for many years the pastor of the Gainesville Baptist church, was, on the 14th of July, at Athens, Ga., ordained to the Baptist ministry. We claim Burnie as a Gainesville boy, as he spent the first six years of his life here. Dr. Burnie has been active in the young people's societies in Georgia, and has done a great deal of good. He has while practicing his profession found time to work for the good of his fellows and the glory of God.

He contemplates taking a course in theology in the Southern Baptist Theological Seminary at Louisville.

### What Is Best for Indigestion?

Mr. A. Robinson of Drumquinn, Ontario, has been troubled for years with indigestion, and recommends Chamberlain's Stomach and Liver Tablets as "the best medicine I ever used." If troubled with indigestion or constipation give them a trial. They are certain to prove beneficial. They are easy to take and pleasant in effect. Price, 25 cents. Samples free at all drug stores.

### Gainesville Wins.

From Saturday's Daily Sun:

In a five-inning game at the ball park yesterday afternoon between Waldo and Gainesville the score stood 7 to 0 in favor of the Oak Halls. The threatening weather prevented many from attending. The only features of the game were two double-plays by the Gainesville team.

The batteries were: Gainesville, Hines and Bullock; Waldo, Jolly and Harvey.

If your liver is sluggish and out of tone, and you feel dull, bilious, constipated, take a dose of Chamberlain's Stomach and Liver Tablets tonight before retiring and you will feel all right in the morning. Sold by all druggists.

## THE BAIRD BUILDING BEING REMODELED

FRONT OF BUILDING IS TO BE  
OF PRISMATIC GLASS.

Will Extend Same All Way Through  
to University Street and Make  
Three Stories.

From Thursday's Daily Sun:

Work will be commenced on the change in the building of the Baird Hardware Company this morning, with Contractor Dempsey in charge.

As has already been mentioned in The Sun, the building is to undergo a thorough overhauling and rebuilding, all of the front being prismatic glass, while a portion of the building will be so constructed that a glass top will be placed in and light will thus be shown all through the entire place.

The building will be lengthened on out to University street, doing away with the present small warehouse, and in place of this it will all be made a three-story building, to conform with the front part of the building, except that in the main center the offices will be located and a neat and handsome show room will be made of the wares they handle.

Several thousand dollars will be spent in making all of these important changes for the Baird Company, but owing to the great increase in its business during the past few years it has been found necessary to have more room.

It is very doubtful if there is another hardware concern in Florida that does the actual business of the Baird Company, and its officers and managers should feel proud of the fine showing they are making.

### THE METHODIST ORGAN.

It is Now the Same as a Brand New Instrument—Fine Job.

The large pipe organ of the Methodist church has been completed by the contractor, Geo. Davenport, and accepted by the committee.

This was probably the largest contract of this kind ever performed in Gainesville, as it was next to building the mammoth instrument over again, which was successfully done by the young man.

The organ is now in practically the same shape as a new instrument and that the committee selected home people in preference to the many foreign competitors is another mark of the value in which Mr. Davenport's work is held in Gainesville.

### Granulated Sore Eyes Cured.

"For twenty years I suffered from a bad case of granulated sore eyes," says Martin Boyd of Henrietta, Ky. "In February, 1903, a gentleman asked me to try Chamberlain's Salve. I bought one box and used about two-thirds of it and my eyes have not given me any trouble since." This salve is for sale by all druggists.

### ARCHER-CEDAR KEY.

Former Came Out Victorious Thursday by a Score of 7 to 2.

In a hot baseball contest between Archer and Cedar Key in the former place Thursday afternoon Archer was victorious by a score of 7 to 2.

The battery for the Archer team was Spottswood and Bullock, while Cedar Key used Prewitt and Harvey of Waldo. Many exciting plays were made and excellent work was done by the batteries on both sides.

## Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

Weak and unhealthy kidneys are responsible for much sickness and suffering, therefore, if kidney trouble is permitted to continue, serious results are most likely to follow. Your other organs may need attention, but your kidneys most, because they do most and should have attention first. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root. A trial will convince you of its great merit.

The mild and immediate effect of Swamp-Root, the great kidney and bladder remedy, is soon realized. It stands the highest because its remarkable health restoring properties have been proven in thousands of the most distressing cases. If you need a medicine you should have the best.

Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.

### KIRBY SMITH MEETING.

Interesting Session Held at Home of Mrs. J. H. Truby Thursday.

The regular monthly meeting of Kirby Smith Chapter, U. D. C., was held at the handsome home of Mrs. J. H. Truby Thursday afternoon, when a large number of the membership were present.

The session was turned into a memorial meeting in memory of the late Mrs. Margaret Davis Hayes, a very appropriate program being held which opened with prayer, followed by a song, "Nearer, My God, to Thee."

Following the few appropriate remarks of the President, Mrs. H. H. McCreary, in behalf of the chapter, the following resolutions were adopted by the body assembled:

"In Memory of Mrs. Margaret Davis Hayes—As God, in His infinite wisdom, has deemed it best to bring to a close the life of the only surviving member of the family of our brave and noble Chieftain, Jefferson Davis, we feel it a sad sweet privilege and duty to dedicate a few lines, on this occasion, in respect to her memory and that of her true and patriotic father.

"And, although her death adds another link in the evidence that our 'land marks' are surely and gradually passing away, and we are made to feel that very soon we will have nothing but the silent pages of history to speak for the martyrs of that period, we bow in submission to the will of Him who doeth all things well.

"We further request that a page be set apart to her memory in the book of our records that all Daughters of the Confederacy in Gainesville, who may follow in our footsteps, may know that we acknowledge and love the memory of the last Daughter of our departed president.

"May the God who thus afflicts be near the bereaved ones to comfort and bless.

"Respectfully submitted by your committee,

"MRS. L. W. JACKSON.

Gainesville, Aug. 12, 1909."

Following the memorial exercises the regular order of business was taken up, and after being dispensed with, delicious refreshments consisting of ice cream and cake were served by the hostess. Altogether, one of the most pleasant gatherings of the Chapter was held for the past number of weeks.

No matter how long you have suffered, Foley's Kidney Remedy will help you. Mrs. S. L. Bowen, of Wayne, W. Va., writes: "I was a sufferer from kidney disease, so that at times I could not get out of bed, and when I did I could not stand straight. I took Foley's Kidney Remedy. One dollar bottle and part of the second cured me entirely." It will cure you. J. W. McCollum & Co.

## ORLANDO COMES FOR THREE BIG GAMES

THURSDAY, FRIDAY AND SATURDAY ARE DATES SELECTED.

Team Makes Long Jump in Order to Play Return Games With the Oak Halls.

From Friday's Daily Sun:

August 19th, 20th and 21st—Orlando vs. Gainesville.

Three days of fun and frolic and hard ball-playing is the schedule for the last three days of next week between the above two cities at the ball park here.

There is no guess-work as to what the Orlando team is composed of—we all know that they have a set of players that are up with the leaguers and some of the very best games of the entire season will be seen on this occasion.

Better "oil up" and get your throat to working, all you rooters, for if you were ever needed by Manager Davis' "black-face kids" you will be needed then. The Orlando boys are there with bells on and have that "Little Windmill" (Windham) behind them, who has Bridges' of Sanford skinner forty different ways when it comes to pitching and playing ball.

Gainesville has also been strengthened, and the two new players who have been added are showing up well under the try-outs.

Get in line and become busy for all of these games by talking them and see if we cannot at least show the Orlando players that we are loyal to our team and believe in assisting them on to victory.

Remember the games are for the 19th, 20th and 21st instead of the days as mentioned in yesterday's Sun.

### A Weakling

Is the only way to describe the poor child that is afflicted with worms. No matter how much or how often it eats, the worms get all the nourishment from the food—the child gets practically none. White's Cream Vermifuge gets rid of the worms quickly, easily and with no bad after effects. Price 25 cents a bottle. Sold by W. M. Johnson.

### Will Remove to Tampa.

Dr. W. C. Johnson of Micanopy was a visitor to Gainesville Friday. Dr. Johnson states that he will on next Tuesday remove with his family to Tampa, which city he will make his future home for the practice of his profession. He feels that while he has a large and remunerative practice in Micanopy, his chances for a rapid growth lie in the South Florida city. He has been a most valuable citizen, not only to Micanopy, where he spent the best years of his life, but to the entire county, and up to the time of his misfortune, when he was struck with lightning, he had a practice that covered all sections of the county and which had to be given up on account of his health. This has all now been regained and the loss to Micanopy will be a great gain to the fast-growing Cigar City of South Florida.

If you are all run down Foley's Kidney Remedy will help you. It strengthens the kidneys so they will eliminate the impurities from the blood that depress the nerves, and cause exhaustion, backache, rheumatism, and urinary irregularities, which sap the vitality. Do not delay. Take Foley's Kidney Remedy at once. J. W. McCollum & Co.

No one seems to be laughing at any of the jokers in the tariff bill.

A petition is being circulated in Putnam county with a view to calling a "wet" or "dry" election.

No wonder the automobile factories are unable to turn out machines fast enough to meet the demand. The number destroyed every week-end keeps pace with the supply.

Patronize your home merchants. When you send a dollar to Chicago mail order houses you never see it any more. Spend it at home and it will come back to you again.

It's funny how the man who is always bragging how much money he could make, if he only had a small sum to begin with, is never able to get even that small sum, remarks The Albany Journal.

A conference of Democrats of New York will be called for Saratoga, to meet on September 9, which will be practically as large as the State convention, and it is hoped to make this an occasion for reviving the Democratic party.

The people of Tallahassee are anxious for President Taft to visit that city on his coming Southern tour. The Chamber of Commerce has extended him a cordial invitation and if he accepts the royal dish of gopher soup will be served on the occasion.

"Sudden prosperity of Americans makes them willing to pay more," is the explanation offered by Germany's African diamond monopoly for its advance in the price of the stones. From this it is inferred that when Americans won't buy diamonds nobody will.

The Waycross (Ga.) Herald says: "Champ Clark declares that the Democrats are nearer together on the tariff question than they have been since the war, while the Republicans are worse split up. That Democratic nearness reminds us of near-beer—it may help some, but is nothing like the real article."

It is anything but just to select as a street to be paved with vitrified brick one on which at least two poor widows reside, who we doubt have yet finished paying for the putting down of sidewalks. It would be equivalent to confiscation of their property at this time. Let the work of paving commence around the public square, where the property owners are best able to stand the expense and where the work is most needed.

It is estimated that half a million dollars is annually spent by Florida parents on their children who are sent to schools outside the State to be educated. This is all wrong, and there is no excuse for it. The University of Florida for young men, and the Florida Female College at Tallahassee for young women, not to mention the several private colleges, afford equally as good opportunities for educating your sons and daughters as can be obtained anywhere in the United States, and it is your patriotic duty to patronize them.

## WHERE REVISION DOWNWARD IS NEEDED.

For many years the people have heard their campaign orators talk about the need of a revision of the tariff—downward revision. The tariff has just been revised, but it is doubtful if the revision has been downward. Says The Savannah News. The Democratic leader of the House says the revision has been upward, and there are good reasons for thinking he is right. It looks therefore as if downward revision were impossible, as long as the Republican party remains in power.

But couldn't another kind of revision be brought about—a revision that is as greatly needed as downward revision of the tariff? We have in mind a revision of the expenses of the Government. They should be revised downward. If there were such a revision there wouldn't be need to hunt for new sources of revenue.

The other day Congress gave the Speaker of the House an automobile to cost \$6,000 and also gave the Vice-President a machine of the same sort. No doubt the Government will have to bear the expenses of a chauffeur for each of these machines and also their garage expenses. Each machine, it is safe to say, will cost the Government \$2,000 a year. Wouldn't either the Speaker or the Vice-President have been just as happy with the modest carriage to which they have been accustomed?

Automobiles for these officials means more than the cost and support of these two machines. It means that before long every head of a bureau and every chief clerk will be riding around in an automobile bought and maintained by the Government. Automobiles mean increased cost of living and that calls for higher salaries.

And this is but one item of the many that make up the cost of government. Surely it is time for the campaign orators of each of the great parties to begin to talk of revising the expenses of the Government downward. Talk of that sort would be popular. It would appeal strongly to the common people who work early and late to get the bare necessities, or at least the comforts, of life.

## EXPOSES THE CANARD.

At the request of Hon. Frank Clark, The News-Record this morning prints that gentleman's letter addressed to The Metropolis of this city.

While The News-Record was not advised until the receipt of this communication as to the reasons why Mr. Clark was not continued as secretary of the Congressional Committee at its reorganization a few days ago, yet it has never wavered in its belief that the statement purporting to come from a Chicago paper that Mr. Clark had been defeated for re-election to that office was a pure fake concocted in the office of The Metropolis for political purposes.

Very frankly and fully Mr. Clark points out the reason why he was not re-elected, that reason being, simply, that he had declined to be re-elected as a member of the committee and secured the appointment of Hon. Dunette Mays of the Third district, and as he was not even a member of the committee his most lurid criticism cannot say, after knowing the truth, that there was any "rebutte" to Mr. Clark in the whole transaction.

Mr. Clark's vigorous communication is very characteristic of that gentleman, and exposes the innate meanness of those who would manufacture situations to injure him.

Mr. Clark is a candidate to succeed himself in the House of Representatives, and he will find that the baseless attacks of his very few enemies in this district will make him more friends and add to the large majority which this district is determined to give him in the next primaries.—Miami News-Record.

One of these days when the rampant suffragette has had her way and St. Paul's injunction to keep women from talking out in meeting has been relegated to the literary scrap pile, the marriage service will be altered and require the husband to promise obedience to the wife; and, to be perfectly frank, it would probably be an improvement to the present arrangement. There are two reasons: one is that if the man really obeys the woman he will be a better animal, nine times out of ten, and the other is that if there is to be any lying done at the altar it would be well to shift the onus to the broader shoulders.—Pensacola Journal.

## SALE OF THE T. & J. RAILROAD.

Referring to the recent change in ownership of the Tampa and Jacksonville railway, The Tampa Tribune says:

"Consummation of the deal whereby Frank M. Simonton and associates, A. P. Stuckey, and B. W. Blount, sold to F. J. Lisman & Co., bankers and brokers of New York, bonds and a large share of the stock of the Tampa and Jacksonville railway, formerly known as the Gainesville and Gulf, apparently means that the great Southern Railway system, which has probably done more than any other system to upbuild the South, will at no far distant date be running its freight and passenger trains into this city, the metropolis of Florida.

"No definite information has been given out for publication on this important subject, but the Southern was thought to be behind the deal when the Gainesville and Gulf was purchased by the Floridians, and strong belief regarding this interest still prevails, although the big system has never purchased stock in the small road. A local railroad man yesterday stated that he did not believe that the Southern would ever build on or buy south of Jacksonville, having perfected satisfactory traffic arrangements with the Atlantic Coast Line. No transportation fact has ever been more evident than that Tampa has long been in sore need of a quicker route to the West, however, and in case the Southern is interested such a route could be secured without the necessity of building any great length of roadway.

"The present terminals of the Tampa & Jacksonville road, which is more than forty miles in length, are Fairfield and Sampson City, Gainesville being the largest city on the line. Fairfield is about twenty-eight miles from Dunnellon, the phosphate center of Marion county, and therefore not far from Ocala, the county seat. It is understood that the line will be extended to either Dunnellon or Ocala. By next spring the Tampa Northern will be operating trains out of Dunnellon, which would make it possible, if traffic arrangements can be made, for the Tampa and Jacksonville train to also enter the city.

"Sampson City, in Bradford county, is a station of the Georgia Southern and Florida railway, which is the property of the Southern Railway. The Georgia Southern and Florida operates trains over its own line from Palatka to Macon, and there joins the Southern Railway, the branches of which extend to Atlanta, Chattanooga, Knoxville, Memphis, Cincinnati, St. Louis, Washington, New York (over the Pennsylvania Lines) and connect with lines running to practically every center in the East, the Middle West and West. Furthermore, Sampson City is only forty-two miles from Jacksonville, and the intervening territory is as productive, as any in Florida. This fifty-two mile extension would, allow connection of the Tampa and Jacksonville road with the main line of the Southern, which annually brings hordes of tourists, homeseekers and commercial travelers, to say nothing of the immense volume of freight to Florida."

A Washington dispatch says reports of crop conditions in the United States show the average on the first of this year to be slightly better than that of last year and higher than the ten year average of all the crops on August 1. Crops below last year are cotton, rice, hay, buckwheat and apples. Summary of the relative conditions in the different sections on August 1 showed the South Atlantic States to be 8.1, or 3.8 below the average, and the South Central States to be 7.2, or 10 per cent below.

## The Wilson Company.

The Wilson Company announce the fact that their store has been remodeled by the carpenters, which enables them to be among the largest and best apportioned dry goods stores to be found in Florida. Nothing has been overlooked in making it all that could be desired for the proper handling of the trade which is bound to follow them. The firm is composed mostly of Gainesville people who have been life-long residents of the city, and this is another assurance that they will receive liberal patronage at the hands of the buying public.

The best place to buy your goods is at the store which invites you to come through an ad. in The Sun.

## MICANOPY MENTION.

C. E. Melton to Remove to Jacksonville—Personal Notes.

MICANOPY, Aug. 14.—Rev. F. C. Edwards, wife and son are visiting Mrs. J. E. Thrasher. Rev. Edwards was formerly pastor of the Baptist church at this place, and his many friends are glad to see him again. He is now located at Starke.

Dr. Z. M. Price of McIntosh is contemplating moving back to this place to practice medicine.

## NEGRO SHOTS ANOTHER NEAR ROCHELLE FRIDAY

From Sunday's Daily Sun:

Another shooting affair for Alachua county is reported from near Kelley's mill and occurred on Friday evening about 5 o'clock, when Clarence Smith, a straggling negro gambler, shot and mortally wounded another negro by the name of McWilliams.

From what could be learned it seems the negroes had gone fishing and when getting ready to go home, Smith stole McWilliams' shoes, which he had pulled off while wading about fishing. After they had returned to near the mill, where they were staying, it is said that McWilliams demanded his shoes from Smith. Smith refused and stated that he would give him lead instead, and with that pulled a pistol and fired, the ball taking effect in the man's stomach.

The sheriff's office was communicated with and Deputy Bruton, in company with Mr. Kelley, tracked Smith to this city, locating him Friday night about 1 o'clock in Porter's quarters, where he was arrested by Sheriff Ramsey who had just returned and joined in the chase.

An operation was performed on the wounded man at the mill Saturday about noon to try and locate the ball, and he is reported to be in a dangerous condition, fears being entertained about his recovery.

Smith has acknowledged his guilt to the officers, but gives no reason for firing the shot.

Normal School at Gainesville and returned to Starke. He has accepted the position of principal of the Fernandina High School for the next term, which will probably begin October 1st.—Starke Telegraph.

Dr. J. P. Getzen, who ably assisted Dr. W. R. Sneed in his practice here for the past few months, left Saturday for points in South Florida, and his old home at Fort White. Dr. Getzen made many friends here who regret that he has decided to labor in other fields. We wish him success.—Marianna Times-Courier.

Our old friend, Lee Hoffman, and his charming daughter, Miss Fannie, were in town from Meredith Saturday and favored this office with a call. Mr. Hoffman, who recently severely cut his left wrist with a hatchet, is back in charge of the commissary again, but the use of his hand is returning slowly.—Bronson Times-Democrat.

Miss Ethyl Olmsted was again called to the bedside of her mother, in Alachua, Saturday, and may be absent for some time, as Mrs. Olmsted is seriously ill and does not seem to be improving. However, her many Inverness friends hope for her speedy and permanent recovery. In the meantime Miss Ethyl is sorely missed in The Chronicle office, where she is a valuable aid, especially on publication days.—Inverness Chronicle, 13th.

BIG GAMES FOR THE  
LAST THREE DAYSORLANDO, "KING OF THE SOUTH,"  
THURSDAY TO SATURDAY.Made a "Clean-Up" of Sanford the  
Past Week on Celery City  
Diamond.

Three big games are what we are going to have when Orlando comes to town for the last three days of this week.

This fast team has just cleaned up Sanford in two games on the Sanford grounds, and it now looks as if they will be the winners of the cup being offered by the two rival cities, both of which have spent much money in getting the best to be had in baseball material.

The Oak Halls have also been strengthened, and it is now believed that they can compare with any of the minor clubs of the State, so we will be prepared to give them a reception in a way for the games that will be played here, the weather permitting.

Outside of the Ocala game, which will occur on the following Thursday, these will be the most interesting games we will have here this season, and should be talked that an enthusiastic crowd will be on hand to assist the boys on to victory.

The Orlando team will play three games with Ocala on their way to this city, which will break their trip, affording the players much more rest than if they had to make a straight jump here.

## APPROACHING PICNIC.

Will Be Held at Worthington Springs  
on Wednesday, August 18th.

There will be a grand rally and union picnic at Worthington Springs on the 18th of August under the auspices of the Farmers' Educational and Co-Operative Union of America.

Everyone invited to come and bring baskets. The Florida State president, M. S. Knight of Lake City, and State Organizer J. W. Dorman of Houston, also W. W. Webb, chairman of the Union Sea Island Cotton Co., will address the people.

All local unions are requested to take part in this picnic.

N. H. STOKES,  
J. L. BROWN,  
WILLY WILLIAMS.

## Card of Thanks.

We desire to express our sincere thanks to the many friends who were so kind to us during the illness and death of our beloved husband and father, also for the many beautiful floral offerings.

To Mr. McClellan we especially wish to express our heartfelt thanks for his kind and loving services to us, and to assure him his kindness will never be forgotten.

MRS. W. C. NEWBORN.

## MARRIAGE AT WILLISTON.

Two Popular Young People United in  
Holy Wedlock.

WILLISTON, Fla., Aug. 14.—The handsome home of Mrs. W. L. Lowman of Williston was the scene Thursday at 3:30 o'clock of a brilliant marriage. The contracting parties were her accomplished, attractive and lovely daughter, Mabel Lowman, and Mr. Lonnie Lee of Jacksonville. The groom is a young man of integrity and sterling worth and no stronger evidence of popularity of the bride can be had than to view with amazement and pleasure the beautiful and costly array of bridal presents.

The house was profusely decorated for the occasion in palms, ferns and cut flowers. The bridal couple entered the parlor while Mendelssohn's Wedding March was very sweetly played. "Hearts and Flowers" was rendered during the impressive ceremony, performed by Rev. Cates of the Williston Methodist church.

The bride was beautifully gowned in snow white messaline directoire, the straight lines proving most becoming. Her sister, Miss Ruby, was gowned in pink mull and lace. From the parlor the bridal couple and guests marched to the dining-room, where, amid its dainty and handsomely appointed finishings and furnishings, the table was presided over by Mrs. E. E. Rogers. Miss Lowman has by her sweet, gentle disposition won a host of friends, who wish her much joy and happiness along the sea of matrimony.

## ARCHER NOTES.

ARCHER, Aug. 14.—M. Venable lost a very sweet and interesting little daughter last week. They have the deepest sympathy of all of their neighbors in this, their first affliction.

Cedar Key and Archer played a very interesting game of ball here yesterday, Archer being the successful team, 7-2.

Dr. Rice's horse ran away yesterday, tearing up the buggy and frightening the occupants of the street. No one was hurt.

W. H. Powell and family left yesterday morning for New York, and will go to Providence from there. They will be gone about two months. W. L. Jackson is spending some

DR. KELLEY HOLDS  
ORAL EXAMINATIONSUMMONED ALL COLORED TEACHERS  
IN JUNE EXAMINATION.Only One Out of Twelve Failed, While  
Three Did Not Appear for  
the Examination.

From Sunday's Daily Sun:

County Superintendent Kelley and the School Board having reason to believe that some of the colored applicants in the June examination had access to the examination papers previous to the opening of the same, it was ordered by the board that the Superintendent summon all who had secured certificates in said examination to appear in his office for an oral examination in all of the branches in which they had passed.

The Superintendent selected Prof. W. H. Cassels and Dr. W. H. Russell white, and D. S. Days, colored, as an examining committee. The examination was held in the Superintendent's office on Friday, the 13th, and after a thorough and impartial investigation in each branch, of the twelve who were thus examined the committee sustained eleven of the applicants, in that they gave evidence of their ability to teach, but were thoroughly convinced that, with a few exceptions, all had grade marks much higher than they were entitled to.

Three to whom certificates had been issued refused to appear in the examination, and unless they speedily arrange to take the same, Superintendent Kelley will, in obedience to the order of the board, cancel their certificates.

The utter failure of one of the teachers, and the refusal on the part of three others, leads the Superintendent to believe that he has found something further which will be of interest to the School Board, and he further believes that they are on the right track to burst up the pernicious practice of "peddling" the questions.

time at Worthington Hotel, hoping the water will be beneficial to him.

Mrs. Hurst and Miss Jennie Hagie are spending several weeks with Mr. R. B. Hodgson and sister.

Mrs. H. H. Newman is visiting her old friend, Mr. and Mrs. Weeks, at Alachua.

## Returned With Girl.

Sheriff Ramsey has returned from West Florida, where he went to take Pearl Davis, the young girl who was sent to the State Reform School. It was found that the place was overflowing with a class of boys and that no girls were being cared for, hence the officials there refused to take the girl in and Sheriff Ramsey was compelled to bring her back. She will be returned to her parents at Archer.

## GOV. BROWN GRANTED RESPITE TO MITCHELL

WHO WAS CHARGED WITH AS-  
SAULTING MISS HINTON.

As Sentence Now Stands He May  
Have to Work on the Roads in  
His Native County.

ATLANTA, Aug. 13.—Governor Brown has granted a respite until September 1 to W. H. Mitchell of Thomas county, who was recently convicted of assault and battery upon Miss Lucie Hinton, in order to have the petition for commutation now pending before the prison commission acted upon.

The commission set August 12th as the date on which to hear the evidence and argument. An effort is being made to have the changing sentence commuted to that of a fine or imprisonment. As the sentence now stands, Mitchell will have to work on the roads of Thomas, his native county.

Dysentery is a dangerous disease but can be cured. Chamberlain's Colic, Cholera and Diarrhoea Remedy has been successfully used in nine epidemics of dysentery. It has never been known to fail. It is equally valuable for children and adults, and when reduced with water and sweetened, it is pleasant to take. Sold by all druggists.

### Three Arrests Made.

From Saturday's Daily Sun:

Night Policeman Owens on Friday arrested Bartow Clark for disorderly conduct, also two white boys for riding their wheels on the sidewalk. They will be tried on Monday morning.

When the digestion is all right, the action of the bowels regular, there is a natural craving and relish for food. When this is lacking you may know that you need a dose of Chamberlain's Stomach and Liver Tablets. They strengthen the digestive organs, improve the appetite and regulate the bowels. Sold by all druggists.

## FIGHT WITH RATTLES.

J. S. Roberts of Rochelle Has Exciting  
Experience With Monster Snakes.

ROCHELLE, Aug. 13.—A monster fight with rattlesnakes took place on Wednesday, Aug. 11th. J. S. Roberts was about two miles and a half from home when his dog "treed" under a log. Thinking it to be a rabbit, Mr. Roberts went up to it, but when looking around saw a monster rattlesnake. As he had no gun the snake went under the log. Mr. Roberts secured a dead oak limb and began to pry under after him, and rattlesnakes were plentiful. He managed to kill three—one 6 feet 7 inches, another 6 feet 2 inches, and one 5 feet 8. He was sorry to know he could not get any more, for he let one get away as he was getting tired and only had a small oak limb. Still, it wasn't a very good day for snakes, either.

## SEARCHLIGHT IS USED TO DETECT PERJURY.

Washington, Aug. 12.—A local police judge has mounted a searchlight upon his desk to detect perjury. Long experience upon the bench has taught him that from the class of prisoners brought before him it is difficult to obtain trustworthy testimony. Searching for a cure for this evil, he began to experiment with light.

An electric light with a strong reflector was brought into use and as the police prisoners are brought to the witness stand he turns on the impromptu searchlight. Its strong rays enable the judge, sitting in the shadow, to follow every facial expression of the offenders, and it is found that perjury has been greatly reduced.

The judge, who is a student of criminology, reads the faces of his visitors and, in a way, their thoughts, and upon the appearance of an effort to escape the consequences of the truth, he promptly checks them.

## MISS SANTA CLAUS TAKES HER OWN LIFE.

PHILADELPHIA, Aug. 12.—Miss Elizabeth A. Phillips, widely known as "Miss Santa Claus," committed suicide yesterday, inhaling illuminating gas.

Pinned to the woman's clothing was a note which read:  
"I have been in failing health for some time. I have always tried to do my best for mankind."

Miss Phillips enjoyed almost a National reputation by reason of her work at Christmas time among the poor children.

Two years ago, at her request, all the letters written by children and mailed to Santa Claus were delivered to her and the requests of the children, so far as possible, were complied with.

She was the daughter of a prominent merchant of this city.

# S.S.S. DRIVES OUT RHEUMATISM

Rheumatism is due to an excess of uric acid, an irritating, inflammatory accumulation, which gets into the circulation because of weak kidneys, constipation, indigestion, and other physical irregularities which are usually considered of no importance. Nothing applied externally can ever reach the seat of this trouble; the most such treatment can do is soothe the pains temporarily; while potash and other mineral medicines really add to the acidity of the blood, and this fluid therefore continually grows more acid and vitiated. Then instead of nourishing the different muscles and joints, keeping them in a normally supple and elastic condition, it gradually hardens and stiffens them by drying up the natural oils and fluids. Rheumatism can never be cured until the blood is purified, S. S. S. thoroughly cleanses and renovates the circulation by neutralizing the acids and driving the cause from the system. It strengthens and invigorates the blood so that instead of a sour, weak stream, depositing acid and painful corrosive matter in the muscles, joints and bones, it nourishes the entire body with pure, rich blood and permanently cures Rheumatism. S. S. S. contains no potash, alkali or other harmful mineral, but is made entirely of roots, herbs and barks of great purifying and tonic properties. Book on Rheumatism and any medical advice free to all who write.

## Fifty Lives Lost; 600 Houses Swept Away

MONTEREY, Mex., Aug. 12.—The Santa Catarina river has returned to its banks, leaving a scene of desolation and destruction in the southern part of the city. Fourteen lives are known to have been lost and estimates place the number as high as fifty.

The exact figures will never be known as the Barrio de San Luisito, where most of the damage occurred, is inhabited by the poorer classes mostly and many occupied houses were washed away. Over 600 houses have been washed away in this one district and practically all those left standing are more or less damaged.

The people returned to the stricken districts yesterday and spent the time

in cleaning the deposits of mud from the houses. Many families have lost all their possessions and there is great suffering among them.

In the city proper several houses caved in as a result of the storm and the damage all over the city has been great.

The Monterey bath house was flooded by the rain. One man lost his life in the big swimming pool. Houses throughout the lower sections of the city were inundated and the families forced to move out. The electric light plant was damaged, as was the power plant of the street railway system. The rains continue and another flood is expected in the Santa Catarina today.

## Husband Shoots His Wife for Eloping With Another

RALEIGH, N. C., Aug. 12.—A special from Manteo, N. C., says: "Al Thompson yesterday shot and killed his wife and wounded W. H. Seaman, the man with whom it is alleged she eloped recently. The wife and Seaman had returned and it is alleged took away two children in Thompson's possession and to regain possession of the children it is said the shooting occurred."

"The story is that Thompson, upon learning that his wife had returned and obtained his children, armed himself with a revolver and went to demand them. Seaman met him on the porch and refused to surrender

the children, whereupon Thompson shot him down. In the meantime the woman was seen trying to escape with the smaller child in her arms and Thompson shot her dead."

"At a late hour Seaman was still alive, but the physicians have not been able to extract the bullet, which is lodged in his breast or shoulder."

"Thompson hunted up the sheriff and surrendered. The woman was well connected in Dare county. More pity than censure is felt for Thompson, who declines to make any statement further than that he loves his children and would rather die than be separated from them. Thompson is an expert mechanic."

## Big Clyde Line Steamer at Mercy of the Waves

BEAUFORT, N. C., Aug. 12.—The Steamship Arapahoe, of the Clyde Line, for Jacksonville and Charleston, from New York, broke her tail shaft yesterday afternoon and it was reported by the wireless at this station later that she was drifting helplessly.

The ship at the time that she flashed her "C. Q. D." was 21 miles south-west of Diamond shoals lightship. The wind was strong from the northeast and is drifting the ship in-shore. She is heavily loaded and has quite a number of passengers on board.

The revenue cutter at Wilmington, N. C., or Norfolk, has been notified, as have tug boats along the coast, and

many of them are now speeding on to find the disabled ship and render aid. It is expected that some of them will surely reach the vessel before morning.

Despite the strong northeast wind the sea is moderate. It is believed that as soon as the Arapahoe comes on soundings the master will anchor. Sea farers here are reassuring in their view regarding the ship and feel that she is in no grave danger.

Wireless reports say that the Steamer Huron, of the Clyde Line, arrived to aid the Arapahoe at 6 p. m. The Huron is standing by and possibly will take the Arapahoe in tow and thus save a large salvage bill.

## Bitten by Puppy 60 Days Ago; Dies from Hydrophobia

CARRABELLE, Aug. 12.—Mr. Perry Walden was bitten by a little puppy about sixty days ago and Sunday night symptoms of hydrophobia developed. All that two doctors could do could not save him and he died

in great agony and pain. Mr. Walden was a young man 24 years of age, who came from near White Springs, Fla., and was working with the R. J. & B. F. Camp Lumber Co. at Carrabelle. He leaves a wife and little baby.

## Near-Beer Was Voted Out of Nearly Half the State of Georgia---Closing Session.

ATLANTA, Aug. 12.—Near-beer was voted out of nearly half the State of Georgia last night by the Legislature when few minutes before joint adjournment the Senate high license bill was passed by the House 81 to 77. The bill prohibits the issuing of near-beer licenses except in towns of 2,500 or over.

The House of Representatives spent the entire afternoon on the general tax act, finally voting to disagree to the Price substitute for the Alexander near-beer prohibition section by 79 to 77.

It was a close vote and everybody predicted at once that the House would finally give in and accept the Senate substitute which increases the tax on near-beer manufacturers and dealers and prohibits the sale of near-beer in the country districts or in towns of less than 2,500 inhabitants. It also prohibits Confederate veterans from selling the beverage under the free license system.

The House spent two hours on the prohibition section, the argument being controlled by Mr. Anderson of Chatham on one side and Mr. Alexander of DeKalb on the other. Messrs. Hardeman of Jefferson, Porter of Florid, Persons of Monroe, Anderson and others spoke briefly, urging concurrence in the Senate amendment. Mr. Alexander occupied the whole of the time on the other side and denied emphatically that he was seeking to embarrass the present administration.

Mr. White of Screven made the motion to agree to the Senate substitute and when it was lost there was applause in the gallery and on the floor.

which brought a sharp reprimand from Speaker Holder.

The Legislature continued to enact bills after midnight, the constitutional hour for adjournment, with newspapers aiding the faces of the clocks.

The last bill introduced was in the Senate and provides for Confederate veterans riding free on railroad trains.

It was long after midnight when adjournment arrived.

### To Protect Women.

A bill to protect virtuous women from wilful and malicious slanders on their good name was passed by the House. Violators are made subject to punishment as for a misdemeanor, or be imprisoned for twelve months or to pay a fine of \$1,000.

Mr. Anderson of Chatham, in championing the bill, stated the case of an alleged wilful slander circulated as was charged by a man in Bulloch county against three girls in the District Agricultural and Mechanical College, of which he is the chairman of the board of trustees.

"There is absolutely no law now on our statute books by which such an offense can be reached," he declared.

The bill received 106 votes in the House, all that were cast. It had already passed the Senate.

This was one of the very few measures of general interest favorably acted upon by the House at the morning session. The proceedings were slow. Once, after a motion to agree to a bill had been put three times and no quorum voted, Speaker Holder had to threaten to call the roll to induce the members present to vote on one side or the other.

## St. Petersburg Lady Burned by Blaze in Her Home

St. Petersburg, Fla., Aug. 13.—Wednesday morning about 7:30 o'clock the local fire department was called out to extinguish a blaze at the home of Mrs. V. E. Howard, First street, north, near Fourth avenue. When the department arrived after a short and quick run the fire was already out. Mrs. Howard went to the kitchen and started to light the gasoline stove to cook breakfast. The fumes or gas must have filled the room for the minute the match was lit the stove

was a mass of flames and the room was full of fire. To get out of the room Mrs. Howard had to run through all this and it caught her clothing afire, burning the upper part of her body, and her arms quite severely. Dr. Peabody was summoned to dress the injuries. Mr. Sarven and several carpenters nearby saw the blaze and carried the other burning articles out doors. The only damage besides the destruction of some quilts was the blackening of the room. Mrs. Howard is resting easy now.

## Shortage in Accounts Four Ex-Officials of Georgia

ATLANTA, Aug. 13.—According to a report made by the Alonzo Richardson Audit Company, several former Cobb county officials are short in their accounts. The shortages alleged in the various offices are as follows: Former Tax Collector J. H. Murray, alleged to be due the county \$2,300 and the State a similar amount, making a total of \$4,600. Former Clerk and Treasurer J. B. Glover, alleged shortage, \$3,000. Former County Treasurer J. G. Mor-

ris, alleged shortage, \$890.

Former Tax Collector H. B. Clay, alleged to be short \$2,800, equally divided between State and county.

Joe Abbott, present treasurer, was charged with \$2,300 shortage.

The officials are among the most prominent men in the county.

They deny any misappropriation of funds. They declare they will fight the matter through the courts. The investigation by the auditors is said to cover a period of eight years.

## Milton Visited by Another Disastrous Conflagration

MILTON, Fla., Aug. 12.—Fire which was discovered before daylight yesterday in D. T. Williams & Co's. dry goods and grocery store caused a loss of over \$50,000 before the flames were checked. The Williams Company alone suffered heavily. The flames spread rapidly to adjoining buildings, which, by hard work of the fire department, were saved.

Following is a list of the buildings damaged: John Stewart, grocery; First National Bank; I. M. Joseph's Sons, dry goods; H. S. Bates, dry goods; Hilson Bros., druggists; Miss Bessie McDougall, shoes.

It is estimated that insurance of \$25,000 was carried on the property damaged.

### DEATH OF MR. E. W. SMITH.

Occurs at Home in Southeast Gainesville at Noon Thursday.

From Friday's Daily Sun.

Mr. E. W. Smith, who has made Gainesville his home since his early youth, died at his residence on Depot street at noon Thursday after a long and painful illness.

Mr. Smith was in his seventy-seventh year, and besides a complication of diseases, his advanced age probably had much to do with his end. For the past four or five years he had been more or less confined to his home and for the eleven weeks past had been confined to his bed. The attack which ended in his death was the longest ever experienced by him during his entire sickness, however.

Mr. Smith was identified with the Methodist Church, and up to within the past few years, before his health had been so bad, was one of the main and hard workers in behalf of Christ and the church, being punctual at all meetings and assisting in every way possible for the advancement of the cause.

He was a Confederate veteran, and was in the war in all its phases, sharing the joys and privileges alike, and was present in a battle which was fought just across Sweetwater branch, on the hill.

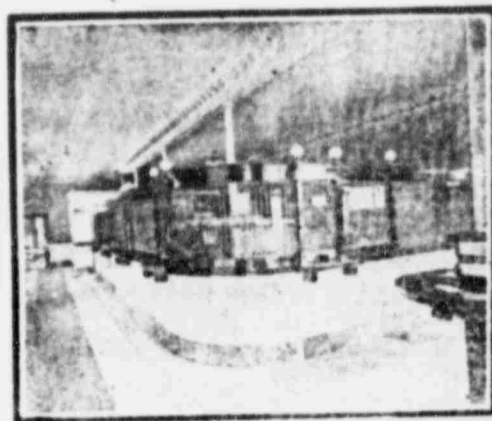

At the time the end came he was surrounded by his wife, Mrs. Lucy E. Smith, three daughters, Mrs. Cora Bauknight, Micanopy, Mrs. J. F. Dupree and Mrs. B. M. Heckard of this city, and son, P. Y. Smith, besides a number of other relatives who were summoned and arrived just before the end came.

The funeral services will be held from the Methodist church this morning at 10 o'clock. Rev. F. R. Bridges conducting same, and interment will be in Evergreen cemetery.

The following gentlemen will act as pall-bearers: J. B. Dell, J. M. Dell, W. D. Dickinson, L. L. Hill, W.

## Supreme Court Holds South Carolina Liquor Law Valid

COLUMBIA, S. C., Aug. 13.—The Supreme Court, sitting here yesterday, refused to declare invalid the liquor law passed at the last session of the Legislature. The test of the law was made on a petition brought by Thompson Jellico of Charleston for an injunction restraining the Charleston county election officials from holding the liquor election in that county on Aug. 17.

The law provides for elections in the counties now wet, those voting for

liquor to reopen the dispensaries under the system previously in use. The constitutionality of the law was attacked on two grounds; that the subject of the act was not stated in the title and that it is special legislation.

The court will later hand down an opinion stating the reasons for the rejection of the petition.

Isn't there something which only a want ad. can do for you today?

O. Tison, J. M. Spivey and J. O. Andrews, and the arrangements will be in charge of the Thomas Undertaking Company.

### CREATES EXCITEMENT.

Burglar Alarm in Dutton Bank Was Not Properly Set.

From Saturday's Daily Sun:

The burglar electric alarm in the Dutton Bank was not properly set on Thursday evening, with the result that it started up about 7:30 and rang for fully fifteen minutes, attracting considerable attention and a large number of people to the scene.

The system has only been installed a short while and the officers have not become fully accustomed to its workings, so on Thursday evening when closing up the bank Cashier Turner neglected to set the clock, with the result that the alarm "went off" when it reached the time it had been set on. A large number of people were soon about the place, but found the source of the excitement and dispersed.

A movement is on foot in Tampa to construct the finest auto race track in the world in that city.
